

Name: Ananya Sharma

Email: ananya.sharma@example.com

Phone: +91 98765 43210

Objective:

To secure a challenging position as a Data Scientist where I can effectively contribute my analytical skills.

Education:

- B.Tech in Computer Science, IIT Delhi, 2019
- M.S. in Data Science, IIIT Hyderabad, 2021

Experience:

- Data Scientist at ABC Corp (2021 - Present)

Developed machine learning models to improve customer churn prediction

Automated data pipelines using Python and Airflow

- Intern at XYZ Analytics (Summer 2020)

Built dashboards using Power BI

Performed exploratory data analysis on sales data

Projects:

- Movie Recommendation System using Collaborative Filtering
- Stock Price Prediction using LSTM Networks

Certifications:

- TensorFlow Developer Certificate

- AWS Certified Data Analytics Specialty

Skills: Python, Machine Learning, Data Analysis, Pandas, NumPy, SQL, Power BI, AWS, TensorFlow, Keras

Languages:

- English (Fluent)
- Hindi (Native)

Hobbies:

- Blogging on AI trends
- Participating in Kaggle competitions
